Unveiling the Prismatic Range of high quality ready mix concrete products

We're thrilled to unveil our Prismatic Range, showcasing an array of innovative ranges including Green Concrete, Performance, Productivity Enhancement, DIY, Durability, and Floors. Each meticulously crafted to meet diverse project needs and engineered to exceed expectations, empowering you to build beyond imagination.

Green Concrete Range

Discover our Green Concrete Range, a testament to our dedication to sustainability. Offering innovative solutions for shrinking carbon footprints, enhancing insulation, promoting groundwater recharge, and harmonizing modern aesthetics with environmental consciousness.

- PrismGreen** - Eco-friendly low carbon concrete
- PrismLite** - Eco-friendly lightweight concrete
- PrismPervia** - Eco-friendly pervious concrete

Productivity Enhancement Range

Discover our productivity enhancement range, designed to streamline construction processes. Our solutions ensure smooth filling of intricate formworks, quick placement with high-quality finish, and convenient self-compacting backfill options, optimizing efficiency and reducing labor costs.

- PrismSelf** - Self compacted concrete
- PrismFlow** - Easy flow concrete
- PrismFill** - Flow fill concrete

Durability Range

Our Durability range offers a comprehensive solution for long-lasting concrete structures. From enhancing strength and density to managing temperature differentials and coastal conditions, this range ensures durability and sustainability.

- PrismCoolX** : Durable chilled concrete
- PrismMegaX** : Durable dense concrete
- PrismCoastX** : Weather-resilient concrete
- PrismWaterX** : Water repellent concrete
- PrismXpress** : High early strength concrete
- PrismBaseX** : Durable foundation concrete

DIY Range

Explore our DIY Prismatic range, crafted for repair and renovation works. Designed to tackle hard-to-reach places, our portable solutions offer seamless concrete repairs and structural strengthening, ensuring hassle-free restoration and enhancement.

- PrismMini** : Portable concrete in bag
- PrismFix** : Concrete for urgent repairs

Floors Range

Elevate your spaces with our Floors Prismatic Range. From colorful playgrounds to durable road solutions, rustic aesthetics to lightweight flooring, our products offer versatility, durability, and lasting beauty for every application.

- PrismDecor** : Colorful floors
- PrismTop** : White topped roads
- PrismRustic** : Rustic floors
- PrismGlossy** : Glossy floors
- PrismShield** : Anti-bacterial floors
- PrismSmooth** : Smooth finish floors
- PrismFibro** : Resilient floors
- PrismElite** : Light weight floors

Performance Range

Unlock unparalleled performance with our Performance Prismatic range. Tailored for diverse applications, our solutions offer superior strength, durability, corrosion protection, and more, ensuring long-lasting structural integrity and reliability.

- PrismSlabs** : Concrete for durable Slabs
- PrismColumn** : Effortless column casting
- PrismChamp** : High-performance concrete
- PrismRust** : Rust safe concrete
- PrismCure** : Self curing concrete
